

**GENERAL  
FACT SHEET**

BRIEF TITLE			REASON

**DETAILS**

<p><b>Reason for Legislation</b></p> <p>This is a license agreement with Cingular to locate telecommunications facilities on Parks department property at Pioneer Park. The specific location is the 3403 W. Van Dorn. The agreement is for 10 years with 3 five year options. The application is for an additional spot on an existing monopole. Cingular will be the 2<sup>nd</sup> provider on that pole. The rent for placement of antennas on this extension is \$23,500 per year. The Urban Design Committee had previously reviewed this application and approved it and subsequent applications which are similar. The Parks Advisory Board has also previously approved this application.</p>
<p><b>Discussion (Including Relationship to other Council Actions)</b></p> <p>This is a continuation of allowing telecommunication placements on City properties at locations that do not interfere with City functions. Where such placements are on City property, the City has much more ability to require that the goals of the City's wireless ordinance be met (colocation, stealth, etc).</p>
